The designer

Nicolette Brunklaus. Born in 1959. Holds an Art degree from Academy of Art in Groningen. Has worked as a product designer since 1998. Exhibits art and design all over the world. Founder and art director of Brunklaus Amsterdam.

The collection

Canvas Collage is inspired by reflections on industry, just before the industrial revolution, when daily life was simple.

A tiny sample of worn linen, loosely woven and faded, began Nicolette Brunklaus' creative process of mapping textures, colours and memories. Her love of rich textile structures is obvious, and the linen sample represents a piece of industrial craft history.

Today, industry and efficiency have replaced this laborious craft yet Nicolette Brunklaus utilises its nostalgia by digitising woven

structures and yarn linings into soft, tactile patterns. The result is a textured canvas that is the base while layers of form, detail and colour composition create a fascinating collage.

Nicolette Brunklaus' work is tied to her own special memories that, once translated into designs, become universal. In this way, her creations personally touch the people who interact and relate to them. Canvas Collage is a continuation of this approach, creating characteristic atmospheres that are emotionally relatable and simply beautiful.

Recolour. Pick any design and select your colours from one of our standard colour palettes.

5 design themes

Broadloom Tiles Planks

Canvas Collage represents a collection of 5 design themes that can be integrated. Each of the designs stands alone beautifully and when combined they seamlessly interlace with each other to create an atmosphere of effortless comfort in a hotel, office or home.

The collection is timeless. Nicolette Brunklaus manipulates her own photographs to create unique designs and the images are chosen for their colour palette and poetic meaning. In this way, the designs remain unaffected by popular interest while staying at the forefront of thought-provoking contemporary design.

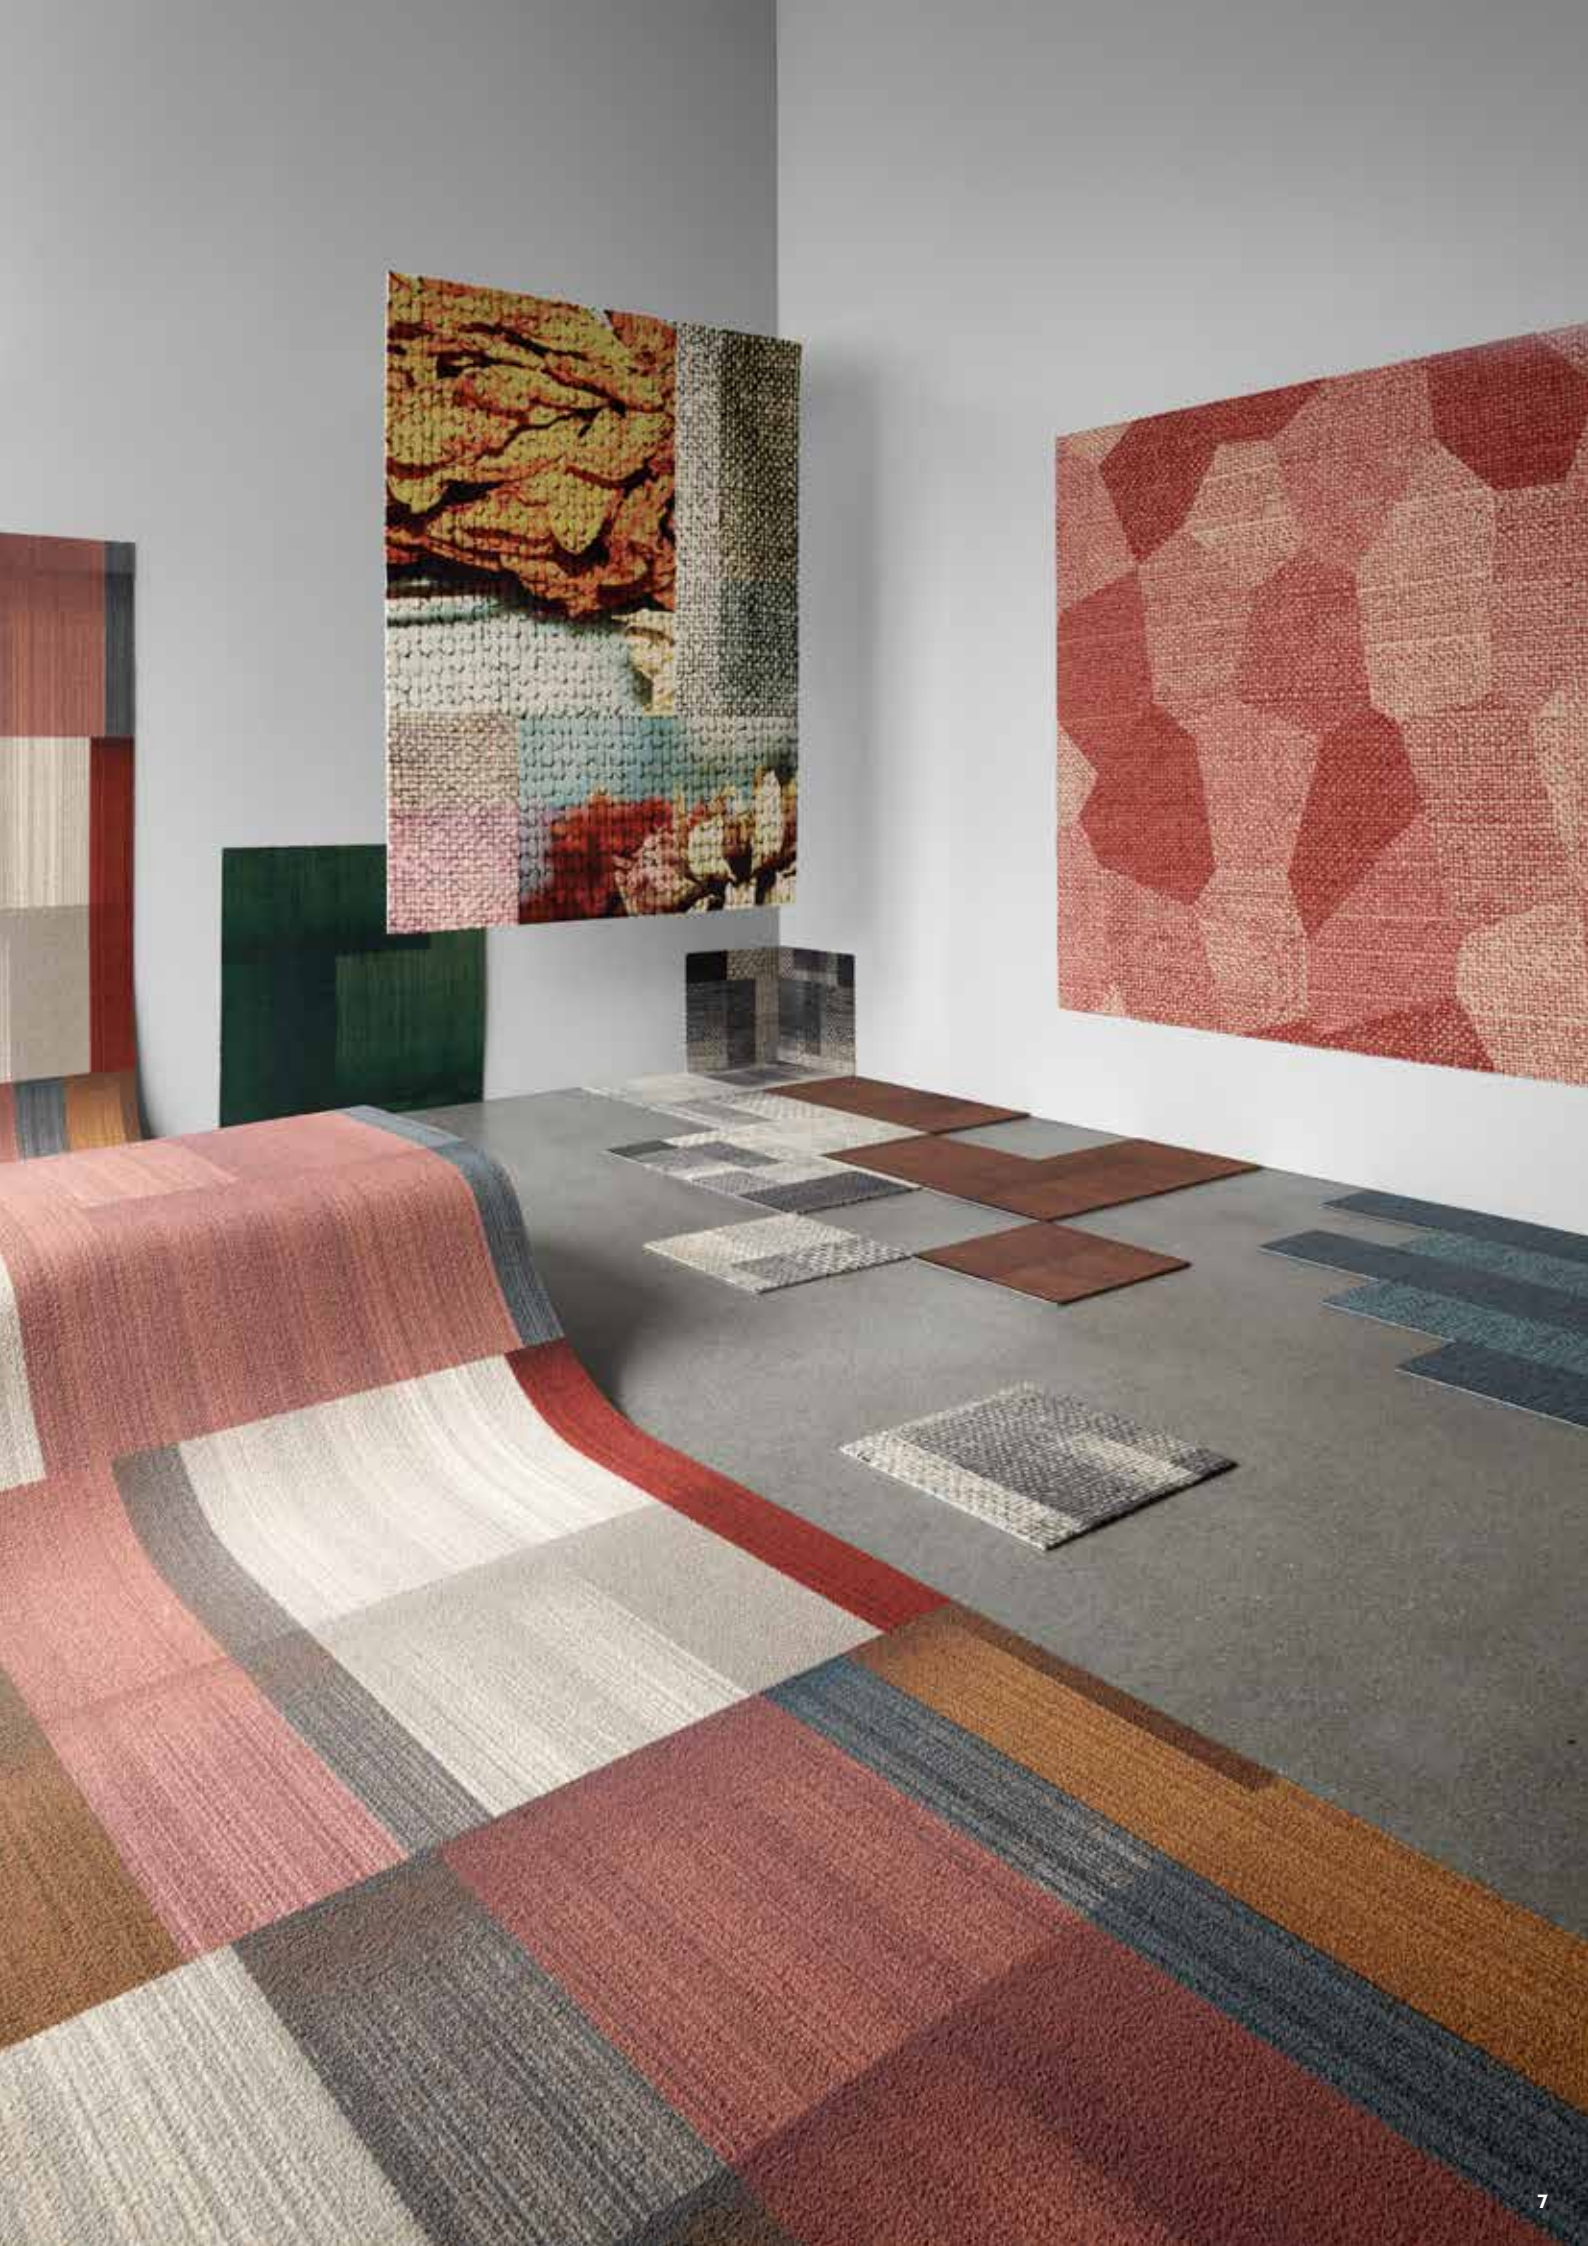

The designs are unique and intimate with a strong graphic identity. Rewoven is a very collaged design inspired by tapestries by Corbusier in Chandigarh, India. Each mixture of layers in colours forms a new pattern. Octo mixes a geometrical pattern with the rough expression of linen and brings a completely new look with an ambiguous feeling. Twine is based on the transparent linings

of yarns and fringes where light and shadow add a characteristic depth to the design. Linen reflects the woven structures of worn fabrics from long ago. The floral print Faded Dahlia illustrates the beauty of dried flowers that are photographed, abstracted and collaged in a rich realistic way and combined with the structure of linen.

This catalogue embraces 4 colour themes: blues + browns, beiges + reds, beiges + greens, greys + purples. However, it is possible to make recolourations for most of the designs. Learn how to recolour on page 48.

The Canvas Collage designs are available in broadloom, 48x48 cm and 96x96 cm tiles as well as 24x96 cm planks. Choose among 9 different broadloom qualities and 6 different qualities for carpet tiles and planks.

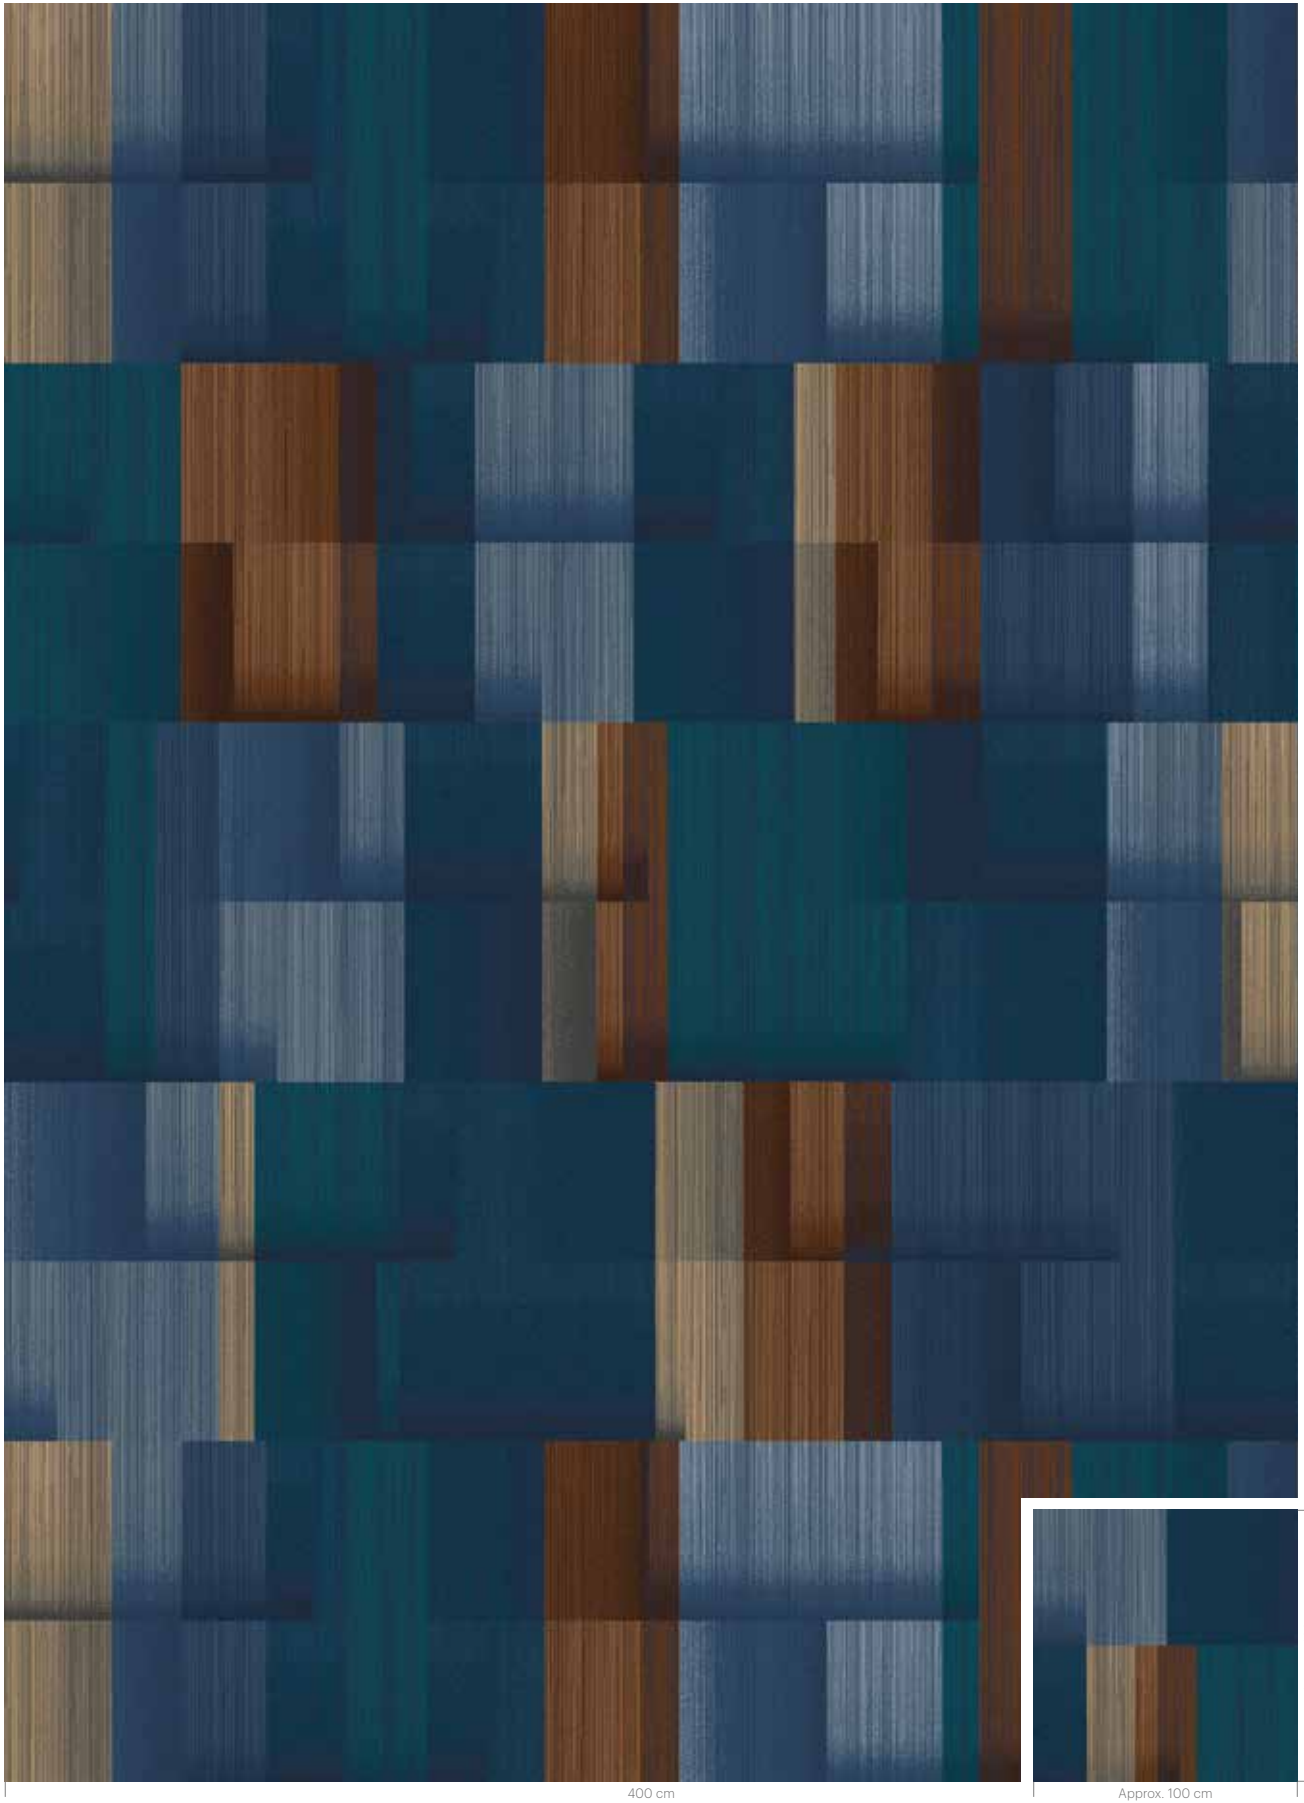

Feel inspired to explore space.

All the details

Technical specifications

Canvas Collage features 5 design themes. Each of them is available as broadloom, tiles and planks that can be mixed together or combined with other ege collections to achieve a truly unique floor design.

It is possible to recolour most of the designs in the collection except Octo RF(M)55751817, RF(M)55751819 and Faded Dahlia RF(M)55751816. This is marked throughout the catalogue. Please contact the ege design department for recolouring.

The 3-4 base or accent colour codes written next to the tones below each pattern are representative for up to 8 colours in each area going from light to dark. All patterns must be recoloured from light to dark in each tone.

- 5 design themes
- Recolour options (see page 48)
- 9 standard broadloom qualities (see specifications at egecarpets.com)
- No minimum order requirements for broadloom
- 6 standard qualities for 48x48 cm, 96x96 cm tiles and 24x96 cm planks (see specifications at egecarpets.com)
- Minimum order from 40 m² for tiles and planks

- Undisputed performance standard EN 1307
- Performance classification to fit any need; extra heavy use
- 24-hour sample service
- Dispatch within 2 weeks from receipt of order for broadloom and 48x48 cm tiles
- Dispatch within 3 weeks for 96x96 cm tiles and 24x96 cm planks

The green choice

All carpet tiles from the Canvas Collage collection have the patented Ecotrust felt backing. This is an innovative production technique turning used water bottles into a soft, yet strong and highly durable PET felt that also holds great acoustic performance. The Ecotrust backing is Cradle to Cradle Certified™ signifying that it is one of the most environmentally friendly tile backings on the market.

Combined with the Highline 1100, Loop or Carré face qualities made of regenerated and regenerable ECONYL® yarns, the product is a 100% green choice. ECONYL® yarns are produced from mainly used fishing nets that are reborn as strong, hardwearing yarns for textile flooring.
