Travel the world and explore ethnic works of art inspired by spiritual symbols, religious rituals, tribal traditions and fascinating folk tales. Rhythmic, repetitive patterns originate from authentic, traditional handmade crafts and proud, national costumes,

such as kimonos, saris and kaftans.

The love and symbolism of colours characterise the Cultures collection offering a beautiful range of vibrant, rich and expressive designs for your next carpet project.

**Our design team assists with
recolouring your selected designs**

ALL DESIGNS CAN BE RECOLOURED TO SUIT YOUR PREFERENCES AND REQUIREMENTS

Our in-house team of experienced designers has carefully selected patterns and colours to provide you with lots of options, ideas and inspiration for your next carpet project.

Thanks to our advanced production technology, it is easy and quick to recolour a standard design at no extra charge. Pick any design and select your colours from one of our standard colour palettes. Our design team is always on hand to assist and visualise the design in your colour selection. Learn how to recolour from page 88.

The Cultures designs are part of the Highline Express collections offering hundreds of standard designs. These can be recoloured and produced in one of nine different cut or loop qualities ranging from 440 to 1900 g/m² in regenerated polyamide, virgin polyamide or 80/20 NZ wool/nylon blend. Let's help you find the construction that will match your budget and demands for wear-resistance, acoustics, comfort, insulation and fire resistance.

All our carpets are Cradle to Cradle Certified™ no matter your choice.

Cradle to Cradle Certified™

All our carpets are Cradle to Cradle Certified™. The idea behind Cradle to Cradle is that the Earth's finite resources should not go to waste. They should be re-used simply in new contexts, with no detrimental effects on people or the environment. In other words, the goal is to eliminate waste.

Indoor Air Comfort Gold

All our carpets are Indoor Air Comfort Gold certified showing compliance of product emissions with the criteria of many of the voluntary specifications issued by the most relevant ecolabels and similar specifications in the EU. Gold certified products are best-in-class for low emissions, thus good for indoor air quality.

The Green Thread

A green thread runs through everything we do. It has for decades and will continue into the future. We believe that every carpet is an opportunity to improve the sustainability of our environment and the wellbeing for people. Read more about The Green Thread at egecarpets.com.
